School Board Bid

County Retarded Plan Is Eyed

The Palm Springs Unified School District board last night requested Supt. Dwight Twist to investigate the possibilities of establishing a county school program for severely mentally retarded children, encompassing this school district and one or more others.

The action was taken during a 40-point policy question session relating to budget development for the coming year.

TERMINING THE requested program for severely mentally retarded children "social welfare," Dr. Bernard Poliak, board president indicated that the report submitted last Thursday to the school board through the superintendent from district staff employees placed the expected number of eligible children too low for feasible programming within the district.

"The report indicated six, down to possibly three, eligible students rather than the number of 17 we had read in the paper," Dr. Poliak reported.

J. M. McFADDEN, president of the Palm Springs Foundation for Mentally Retarded Children, told The Desert Sun last night that "I

think a county operated program would be fine, because it would benefit an increased number of children . . . but I believe there are enough eligible children within the district to warrant the program here."

McFadden stated a careful review of his organization's figures indicated "approximately 12 pupils now. In keeping with the understanding during the last board meeting, I will meet with district staff members within the next few days to review our figures."

McFADDEN REITERATED that "the capital costs" can probably be eliminated from the proposed program through use of existing facilities here outside the school system.

He added that "most parents of retarded children probably do not expect quite as elaborate a program as the school district report indicated, but rather the normal program where educational classes are provided for severely mentally retarded pupils."

Space Agency Got Word Late

WASHINGTON (UPI)—A spokesman for the National Space Agency testified today that a "high level decision" authorizing the State Department to explain the U2 spy plane incident was not transmitted to his agency for at least one day.

Inclusion of Tachevah Flood Control Project in Omnibus Bill Reported

Incorporation Petitions Approved

County Clerk Certifies to Verification

County Clerk Gordon Pequegnat today announced that he has verified incorporation petitions of the Cathedral City Chamber of Commerce, and that they will be presented next Monday to the County Board of Supervisors to get in motion the procedures leading to a special election on the cityhood issue next fall.

To qualify, the petitions were required to carry at least 25 per cent of the total valuation of land and of the number of individual owners of land within the proposed municipal boundaries. Proponents reported, when the petitions were originally submitted to the supervisors for checking, that close to 40 per cent of land and owners was represented in the signatures.

AT THEIR SESSION Monday, the supervisors are expected to fix the estimated cost of legal advertising of the board's call of a public hearing. This advertising is expected to require approximately three weeks. Cost of the public notice is borne by the proponents.

The public hearing, at which opponents may file written protests against the incorporation, probably will be held in July. The hearing may be continued for as long as two months by the board to permit checking of opposition petitions or for adjourned sessions.

After the hearing, the board has two months in which to set the special election.

MAURICE McCANN, chairman of the Chamber of Commerce incorporation committee, requested of the supervisors an election date around Oct. 1 to "make sure as many voters as possible are back in the desert in time to vote." Any date later than that would conflict with the presidential election, he said.

Looking toward the election campaign, McCann and members of the committee have been busy setting up a Citizens Committee for Incorporation to direct the intensive drive for creation of the municipality. Scores of persons have signed up for the committee, he said.

PASTERNAK LEFT MORE THAN MILLION IN HIS ESTATE

LONDON (UPI)—Russian author Boris Pasternak probably left more than a million dollars in the West in royalties from "Dr. Zhivago," the book mainly responsible for his Nobel Prize, it was reported today.

Pasternak died Monday night at his residence outside Moscow without ever trying to get a penny of it. The Soviet government probably would have blocked him if he had.

The London Daily Telegraph quoted a spokesman for the British publishing firm of Collins as saying that British royalties on the book, which was banned in Russia, amounted to \$644,000.

Condemnation Called Off; Site Purchase Okeh

A condemnation action against Richfield Investment Company was due to begin yesterday in Superior Court in Indio, over the Richfield demand for an additional \$41,000 for the property, or \$126,000.

School authorities explained that the appraisal had been set by three appraisers.

Dr. Bernard Poliak, school board president, told The Desert Sun "we are glad the matter is settled, and we can proceed with the school there. Our target date is for opening after the Christmas vacation of the coming school year."

Alcaeus, a British colt trained in Ireland, placed second. Kythnos, an Irish colt, finished a half length farther back in third place in the field of 17.

Police Chief's Stolen Auto Found, Returned

Sheriff's deputies, cooperating in a Southern California search for the car stolen from Palm Springs Chief of Police August G. Kettmann Sunday night, located the missing car late yesterday afternoon, parked at the end of a dirt road about two miles south of Thousand Palms.

Chief Kettmann said today that the car had not been damaged and believes that it was a "prank, possibly pulled off by the same group of teen-agers who placed the burning cross on the front lawn of High School Principal Charles Webster."

Kettmann said that any chance of getting fingerprints from the car was eliminated by officers who found it.

According to one witness, two teen-age boys were standing by the car and one said "I'll meet you around the corner after I get it."

Sen. Kuchel Tells Senate Okeh Today

Senate Action On Omnibus Bill Scheduled Soon

Special to The Desert Sun
United States Senators Thomas H. Kuchel and Clare Engle, in a telegram to The Desert Sun last evening, announced that the Senate Public Works Committee voted to incorporate the Tachevah Flood Control Project into the Omnibus Public Works Bill.

THE PROJECT WAS introduced into the Senate two years ago by Sen. Kuchel.

As proposed, the project would include a detention reservoir near north Tachevah Canyon and a channel and pipeline improvement along the creek through and below the city at an estimated Federal cost of \$1,655,000.

SEN. KUCHEL SAID that the bill was due for Senate floor consideration soon.

"I anticipate approval as it was recommended by the committee," the Senator declared.

The inclusion of this project in the Omnibus Bill was pushed by the two Senators, Congressman D. S. Saund, and members of the Palm Springs city administration and Flood Control District who went to Washington last month to testify before the committee.

'60 Good Year for Poultrymen

WASHINGTON (UPI) — The Agriculture Department predicted today that producers of eggs, broilers, and probably turkeys will do better financially this year than in 1959.

Farmers' gross income from poultry enterprises in 1959 was down to the lowest level since 1944, according to department economists writing in the publication, "The Poultry and Egg Situation." At \$3,100,000,000 the 1959 combined value of sales plus home consumption of eggs, farm chickens, broilers, turkeys, and other poultry was 12 per cent lower than in 1958.

For egg producers, and probably for broiler growers, too, net incomes declined by an even greater percentage than the gross.

But for turkey growers who sold their crop late in the season, than 1958.

Congressional Smog Probe Set For Riverside

WASHINGTON — Congressman D. S. Saund (D-Westmoreland) announced that full scale congressional smog hearing in Southern California will commence in Riverside on July 18.

He said Congressman Kenneth A. Harris (D-Ala.), chairman of the House Subcommittee on Health and Safety, has complied with his request to come to Riverside for an all-day hearing prior to going to Los Angeles during a week-long general study of air pollution in Southern California.

ROBERTS ASKED Saund to arrange a hearing place, suggest witnesses and make arrangements for an afternoon field trip to study agricultural damage first hand.

Roberts wrote Saund: "I am glad to advise you that, in keeping with your suggestion, the Subcommittee on Health and Safety has worked out a schedule to hold hearings on air pollution in your district following the adjournment of Congress.

"We are interested in getting a close-up view of your problem, especially the agricultural damage resulting from air pollution, and to see what the Federal Government is doing and can do to assist in combating this growing national problem.

"YOUR INTEREST in the work of this subcommittee is greatly appreciated and I am deeply grateful to you for your kind offer to assist us in making arrangements for our visit to your district."

Saund brought Riverside County's smog problem to the attention of Roberts when he appeared before the Health and Safety Subcommittee in February. At that time the chairman had the impression that smog was a problem only in Los Angeles.

Saund told the committee that "not only has smog reached Riverside and Corona but it constitutes a potential threat to the great resort area of Palm Springs." He said it has been demonstrated that smog is a deterrent to health and it also has caused crop damage. He indicated that the problem is so grave in western Riverside County that county officials have set up an air pollution district for smog control.

ARAB LANDOWNER ALMOST 'BOUGHT' EXPENSIVE ORANGES

CAIRO (UPI) — The orange peddler didn't know that \$2,800 was wrapped in the handkerchief on his cart.

A wealthy landowner, El-Mazir Abu-Arab, had stopped to buy some oranges and had forgotten the handkerchief wrapped fortune.

Four hours later Abu-Arab went back for the handkerchief. The orange man handed it back, saying, "You forgot your coffee bag."

ELKS AWARD GOES TO ERIK WILLIAMS

Ership and most valuable students, with the names of every winner since 1955 engraved. Riordan complimented Dr. Webster and the faculty for "promoting the studies and accomplishments" of the local students. This was the second year the Palm Springs High School has had a district winner.

Erik Williams, valedictorian of the 1960 Palm Springs High School senior class, received two \$50 government bonds as recipient of the Elks Lodge 1955 leadership award and as one of the ten state finalists in the Elks youth leadership contest, during the Senior Awards assembly Thursday.

Certificates and \$50 awards were given Maria Marmolejo and Grant Gruenich as "most valuable students" in the Elks scholarship awards.

MOIRA HENDERSON and Linda McManaman received Elks leadership awards of \$50 each, plus an additional \$50 to Miss McManaman for her placement in the state leadership contest finale.

Jack L. Riordan, Elks youth activities chairman, presented two perpetual plaques to principal Dr. Charles Webster for youth leadership.

'Spy Plane' Pilot Subject Of Concern in His Home Town

EDITOR'S NOTE: This is the first of three dispatches on the life of Francis Powers, the U-2 pilot now in the hands of the Russians.

By JACK V. FOX
GRUNDY, Va. — The school day of the seventh grade class of Mrs. Mary Meade in Grundy High School these spring mornings begins with a prayer for Francis Gay Powers.

Whatever he may be to the rest of the world, the 30-year-old pilot of the lost U-2 is a hero in his home town here in the extreme western point of the Virginia mountains.

FRANCIS LEFT Grundy High in 1946. He had gone to grade school in nearby Harnett, a hamlet so small it isn't on the maps. His family home was there (five daughters and the one boy) and his dad had a ramshackle shoe repair shop in the road twisting through the steep valley.

The boy lived to hike, like the mountain men before him. There is a beauty in these hills but it is stained with coal mine outcroppings, soiled with poverty and plagued by sudden torrents. You can read the grimy mountain hatred of the floods in the names — Dismal River, Contrary Creek.

AN AMBITIOUS young man has to burst out of these surroundings. One out of every seven families has moved from the area in the past 10 years. Francis Powers broke the bonds and, in so doing, may have forfeited his life.

Dr. John T. Holland, pastor of the Baptist church, summed up the feeling in his sermon last week when he wondered "that a child smuggled down in these mountains" had been chosen by fate the instrument that led to collapse of the summit conference and made Powers the best known American spy since Nathan Hale.

THAT WORD "SPY," is one to avoid here. It falls in about the

PUC to Present Results of Probe On Gas Company

LOS ANGELES — The California Public Utilities Commission staff engineers and auditors will present the results of their independent investigation of the Southern California Gas Company operations and financial condition when hearings are resumed today, Wednesday on the firm's request for an increase in rates.

Commissioner Peter E. Mitchell and Examiner W. W. Dunlop will preside at the hearings, also scheduled for Thursday and Friday in the commission courtroom at 145 South Spring Street.

So far there have been eight days of public hearings on the proposed increase which, if authorized, company officials have testified, would add about 80 cents to the monthly gas bill of the average residential customer. The higher rates are necessary, the company contends, to offset rising operating costs, including the higher prices of natural gas supplies.

Southern California Gas Company serves about 1,000,000 customers in Fresno, Imperial, Kern, Kings, Los Angeles, Riverside, San Bernardino and Tulare Counties.

Let 'Em Roll
MONTPELIER, Vt. (UPI) — The first issue of the weekly Montpelier Graphic nearly didn't come out because publisher Stanley Knapp lost his eyeglasses. But he found them just in time.

In the meantime, Brown said, he would continue his walk through the streets of California cities to poll voters on their presidential preferences.

Judo Exhibition Set for Yucaipa Sportsman Show

A judo exhibition will be one of the features at the Yucaipa Valley Mobile Homes and Sportsman's Show, which opens Friday at the High Country Mobile Homes Park off Highway 99 at Avenue L in Calimesa, and continues through Saturday and Sunday. A group of judo experts performing under their instructor Bob Matheny, deputy sheriff of Riverside County, will demonstrate the art of self-defense, sport judo and weapon disarming on Saturday from 6 to 7 p.m.

THE JUDO exhibition is only one of hundreds of interesting shows that will make up the three-day event which is expected to attract thousands of mobile home enthusiasts and sportsmen from all over the Southland.

The latest in mobile homes, including a 70-foot "Smoker" costing \$20,000 and equipped with fireplace and hardwood floors, will be on exhibition.

Continuous entertainment from 10 a.m. to 8 p.m. on each of the three days of the show has been planned and will include square dancing; the modern music of the Don-Dee Duo, performing for the past three years at the Club Oaks; helicopter rides; and exhibits of the latest in outdoor sporting equipment, including boating, camping, hunting, fishing and other outdoor sports.

THE EXHIBITS will cover a 23-acre plot and there will be ample parking.

Part-paid admission coupons are available at the San Bernardino, Hemet and Palm Springs Chambers of Commerce, as well as the Yucaipa Valley Chamber of Commerce and various major service stations.

Lightning Starts Fires in Forest

PALMDALE — (UPI) — Lightning and thunderstorms crackled through the Angeles National Forest Monday, touching off at least 12 fires. Some of the blazes still raged today.

More than 100 fire fighters and rangers battled the flames today with the help of two helicopters. The blazes burned in mostly inaccessible areas and no homes were threatened, rangers said.

The fires erupted when lightning strokes hit dead trees in the rain-thirsty mountains surrounding Los Angeles in the areas of Big Pines recreation area, Mt. Waterman, Mt. Islip, Little Rock and Copper Canyon.

More than two-fifths of all glass containers shipped in the U.S. contain food; one-fourth carry beverages; another fourth contain drugs, and cosmetics, and the rest (less than 10 per cent) are for household and industrial chemicals.

ALMANAC

Today is Wednesday, June 1, the 153rd day of the year, with 213 more in 1960.

The moon approaching its first quarter.

The morning stars are Mars, Jupiter and Saturn.

On this day in history:

In 1792, Kentucky became the 15 state in the Union.

In 1796, Tennessee becomes the 16th state.

In 1813, "Don't Give Up the Ship" became the slogan of the U. S. Navy after Captain James Lawrence was carried mortally wounded from his post on the deck of the Chesapeake.

In 1878, English novelist and poet John Masfield was born.

In 1943, Leslie Howard, English born star of stage and screen, was killed when his civilian plane was attacked by a German plane.

In 1944, the siesta was abolished in Mexico.

Thought for today: English novelist and poet John Masfield said, "The days that make us happy make us wise."

AFTER SUN-SET

Big Heart? Village Has One!

By GEORGE LAINE

Ernie Meinel is a pretty happy guy today despite the fact that he's still in Desert Hospital recovering from that heart attack he suffered on May 19.

The reason for the sudden lift in Ernie's spirits is twofold.

FIRST OF ALL, there were more than 200 Villagers jam-packed into Bob Howard's and Sam Frank's "Sportsman Club" here Monday night at the big benefit movie for Ernie.

Gene told me yesterday that the total proceeds for Ernie now stands at about \$400 and that people are still dropping in and asking what they can do.

The movie — Ace Hudkin's "New Riders of the Old West" — was again the subject of jeers and catcalls as familiar faces — including Ernie's — cavorted across the screen.

SOME PEOPLE ARE coming into the Desert Sun asking about contributions. Zelda Jaffa came in to report on Democratic activities and wound up leaving a contribution for Ernie.

LaVaun Bell, a longtime friend of Ernie's, told me that she's putting contributions directly into Ernie's account down at City National Bank and I'd like to advise anyone who might head for the Desert Sun to re-direct their steps in the direction of the triangle at the south side.

THE REASON I said that Ernie's lift was for double cause was because of last night's closing party at the Doll House.

Most of the waitresses, bartenders and other aides that work the Doll House are longtime Villagers and have been friends of Ernie's for some time.

It was only natural, then, that the subject of the benefit would come up last night and those kids did themselves proud. They didn't have the benefit of an organized benefit like the Sportsman did but they still collected a pretty fair amount to help Ernie.

YOU'LL HAVE TO admit that coupled with the recent "Backstage Roundup" display, this town isn't quite as brassy and hard-heated as it has been reputed to be.

In fact, I'm steadily becoming of the opinion that no city in this nation has quite the heart that Palm Springs has.

NOTES OFF THE CUFF: Save Friday night for the Miss Palm Springs competition at the Riviera Hotel. . . Looks like there'll be a pretty wild show to back up the pretty wild looking girls who'll seek the Miss Palm Springs title.

And save Saturday for the fiesta at the Hilltop Room. . . It ought to be a wild night. . .

Clothes on Tour

HOLLYWOOD — UPD — Actress Sandra Dee probably will be in Europe at the time the film "Portrait in Black" is released. But the clothes she wore in the film are set for a 46-city tour of high schools as a coast-to-coast teenage fashion show.

ANNUAL RECITAL TOLD BY STUDIOS

Because of the avid community response to their initial musical production — "The Un-Musical Impresario" — which was staged in the Riviera Hotel's Convention Hall last weekend, the Wynne Hammond Studio has announced that the recital will become an annual event.

In addition, according to Mrs. Hammond, the event produced approximately \$300 for the summer music camp scholarship fund.

Mrs. Hammond said that the studio would annually attempt such a production with the profits to be designated to benefit a cultural program here.

More than 500 persons were in attendance at the event and the music, choreography and costuming was all subject to sporadic applause throughout the evening.

Broadway Set for Summer

By JACK GAVER

NEW YORK — UPD — Here are the attractions that summer visitors to New York are fairly certain to find available, optimistically assuming that the actors and producers reach agreement on a new contract without closing the Broadway theaters.

"A Raisin in the Sun" at the Belasco Theatre, a long-run prize play about a Negro family's dream of a better life. Claudia McNeil, who created the important role of the mother, left the cast May 29 to recreate the part for the film version. Frances Williams replaced here.

"A THURBER CARNIVAL" at the Anta Theater, a very funny revue based on James Thurber's writings and with Tom Swail, Paul Ford and Peggy Cass starred.

"Bye Bye Birdie" at the Martin Beck. This new musical is a truly funny show and some observers consider it the best musical of the season just ended.

"Destiny Rides Again," long-run western musical at the Imperial Theater, presently scheduled to be available through July 23 when the company goes on tour.

"FIORIELLO," PRIZE-winning musical hit about the early career of the late Mayor Fiorello LaGuardia at the Broadhurst Theater.

"Finian's Rainbow," a just-opened revival of this hit musical of 15 years ago which may catch

on again. Too early to tell.

"Five Finger Exercise" at the Music Box. A highly praised drama of problems within a British family.

"GYPSY" at the Broadway Theater. Ethel Merman's big musical success in the role of the mother of stripper Gypsy Rose Lee. It is slated to move to the Imperial after "Destiny" vacates that house.

"La Plume de Ma Tante" at the Royale. This zany French revue rolls along as popular as ever near the end of its second season.

"My Fair Lady" at the Mark Hellinger Theater. No end in sight for this blockbuster musical, but it is no longer "impossible" to get tickets for it.

"ONCE UPON A MATTRESS" at the St. James. A year-old satirical musical based on a fairy tale that has successfully survived several changes of theater.

"Take Me Along" at the Shubert, where Jackie Gleason, Walter Pidgeon and Eileen Herlie have been playing since last fall in this musical version of Eugene O'Neill's "Ah, Wilderness!"

"The Andersonville Trial" at Henry Miller's Theater, a gripping dramatization of a post-Civil War trial of a Confederate war criminal.

"THE BEST MAN" at the Morosco Theater is one of the newer hits, dealing with a 1960 national political theme.

"The Miracle Worker" at the Playhouse, still the most emotionally stirring drama in recent years with its story of how the education began of young handicapped Helen Keller.

"The Music Man" at the Majestic Theater. This hardy musical success will have television's Bert Parks in the title role most of the summer, replacing Eddie Albert.

"THE SOUND of Music" at the Lunt - Fontanne. Mary Martin and this resounding Rodgers-Hammerstein musical hit will be available except for the last week of July and the first week of August when the cast gets a vacation.

"The Tenth Man" at the Booth is the Paddy Chayefsky drama about religious exorcism that has been a hit since last fall.

"Toys in the Attic" at the Hudson is Lillian Hellman's spring hit about moral decay in a New Orleans family. Critics' Circle prize play.

"West Side Story" at the Winter Garden began a return engagement last month after spending a season on tour. The Leonard Bernstein musical about youth gangs is still popular.

NINE RESIDENTS of the Desert area attended the luncheon sponsored by the Democratic committees of San Bernardino and Riverside counties Monday in San Bernardino, which honored Senator Stuart Symington (D-Mo.).

In attendance were Spiegelman, Lionel Steinberg, Amy Croft, Zaida Jaffa, Mr. and Mrs. Leighton Nugent, Natalie Myers, Alice Teeble and Roy Gillman, president of the Indio group.

U.S. SPACE WORK BECOMING 'HUMAN'

By ALVIN B. WEBB JR.

CAPE CANAVERAL, Fla. (UPI)—America's multi-million-dollar space program is getting a new flavor—the "human element."

The day when space was a "purely scientific" property is gone. U.S. research is swinging toward finding out more of what space can do for man and what man can do in space.

THIS SHIFT IS REFLECTED in the jammed schedule of American space shots for the remainder of 1960. Rockets will carry tons of machinery into the skies to explore new ways of weather forecasting, communications, navigation and national defense.

The headliner is the project named Mercury—America's first attempt to send a man to the edges of and then into space. The pressure is on because Russia too stands on the "man-in-space" brink.

U. S. SCIENTISTS hope to send the spaceman's capsule on a short hop with a Redstone missile and then into orbit with an Atlas intercontinental ballistic missile here early this summer.

If all goes well, the first Astronaut will ride a Redstone 80 miles above and 160 miles across the Atlantic in July or August. The first orbit attempt is slated for late 1961.

TWO OF THE NATION'S most successful satellites—Tiros I, to take weather pictures, and Transit I-B, forerunner of a "radio star" for navigators to guide by—will get brothers within the next few months.

Tiros II and Transit 2-A, two of the first satellites to hold promises for man in his everyday life, are expected to be fired toward an orbit around earth by September. Operational systems are predicted for the next two years.

ECHO II, A 100-FOOT balloon, will be launched during the same period. The first Echo shot failed earlier this month. Operational Echo balloons will open the door to worldwide television, telephone and telegraph communications.

In a more secret area of communications, the Army hopes to send up two prototypes of its Courier satellite, the first within one month. Courier will enable American military headquarters to send taped messages to overseas bases.

THE AIR FORCE has three satellite systems in the works to protect the nation—Midas, to warn against missile attacks; SAMOS, to take reconnaissance pictures; and Advent, to relay Midas and Samos information instantaneously to the ground.

The three systems will be fired from Vandenberg Air Force Base, Calif., into polar orbits, the first Midas prototype is in orbit, although plagued by troubles. Samos will get its first shot around August. Advent test models will be launched next year.

MINNEAPOLIS (UPI) — Sixteen Minnesota colleges and universities plan a new approach to fund raising. Alumni of the various schools plan to contact more than 15,000 fellow alumni by telephone, urging them to contribute to the college of their choice.

Indio Fair Brings Money Into County

Date Festival Responsible for 'New Money' Surge

INDIO — More than one million dollars in "new money" is flowing into Riverside County as the result of the National Date Festival and Riverside County Fair at Indio held annually in February.

R. B. Farmer, president of the fair's board of directors, made this estimate after a study of an attendance survey made during this year's festival.

IT REVEALED THAT more than 70 per cent of all Festival visitors were from outside the County. The highest percentage came from Los Angeles County but notable attendance was registered from San Diego, San Bernardino and Orange counties plus 43 states and 12 foreign countries. Many out-of-state and foreign visitors indicated they planned their visit to Southern California to coincide with the Festival dates.

A HIGH PERCENTAGE of Fair visitors spent the entire day on the grounds viewing the exhibits and watching the special attractions such as the Arabian Nights Pageant and national horse show. This differs sharply from the state trend which is a maximum of five hours spent at fairs.

Approximately 38 per cent of all visitors stated they had made a local purchase such as food, clothing, gas and souvenirs. More than 50 per cent said they would stay in the area overnight. Average expenditure locally was more than \$10 per person, Farmer pointed out.

ERRING DRIVER ESCAPES INJURY; TWO PERSONS HURT

COACHELLA — A three way play here resulted in injury to two drivers, but no damage to the

one cited by the California Highway Patrol as having triggered the collision here at 9:55 a.m. Monday.

Baseball's Guessing Game: Who'll Succeed Ole Stengel?

By OSCAR FRALEY
NEW YORK (UP) — The biggest guessing game in baseball today is who will succeed Casey Stengel and when — and the closest believable analysis is that it will be Senor Al Lopez next season.

You go to Yankee Stadium to talk to fellows like Harmon (Killer) Killebrew or Bob Allison, the guy who used to "swing like a girl" but nowadays is making like Rogers Hornsby, and what happens? You guessed it.

THE MUCH-BANDIED question of what gives with the loquacious bankers from Glendale, Calif., seems much more intriguing.

Old Case is in his 12th year at the helm of the Yankees and has done more than a bit of all right with nine pennants and seven world championships over that stretch.

He'll be 70 in July and yet, seemingly still as spry as a cricket, you can believe the saying that they'll have to cut the uniform off him.

The theory is that they will at the end of this season.

THERE WAS A TIME when the locker room oracles figured his successor would hail from the home-grown ranks of former Yankee stars. The betting for a time was between Ralph Houk and Edie Lopat, with the waginger fluctuating like race odds between Bally Ache and Tompion before

the Kentucky Derby. Houk, the brawny major who managed at Kansas City when it was a Yankee farm by official designation, took the lead when, like Tompion, Lopat came up sick. Tompion lost a shoe. Lopat developed ulcers.

STENGEL HAS BEEN on the sidelines through the last four games with an attack of virus and the "I told you so" crew nodded sagely when Houk took over as acting manager. He did right well too, winning three out of four. It was, quite definitely, his big chance and things would have looked a lot rosier for him if he had made a sweep.

It was Casey's first time out of harness in two seasons and you can't write off his career on those grounds. Yet, one close to the ball club observed:

"I've just got an awfully strong feeling that after this season he'll go."

Sherry Appears Solid Fixture On Dodger Team

LOS ANGELES (UP) — A decade after he broke into professional baseball, catcher Norm Sherry appears to have won himself a major league berth with the Los Angeles Dodgers today because of his clutch hitting.

The 28-year-old rookie hit a grand slam homer last night in the sixth inning to help power the Dodgers to an 8-3 victory over the St. Louis Cardinals.

It was his third homer in seven games and the second time he hit the distance to bring the Dodgers a win.

When Sandy Koufax, 1-5, takes the mound tonight opposing Ray Sadecki, 0-2, for the Cardinals, Norm Sherry will be behind the plate, manager Walt Alton assured any listener after Tuesday night's game.

Pastrano Gets Favorites Post

CHICAGO (UP) — Willie Pastrano, a fancy boxer who has been knocked out only once in 10 years in the prize ring, meets a heavy puncher on television tonight in Sonny Ray, and the result might be a good bout.

Pastrano, a dancing master who has had only 44 bouts in his long ring career, was a slight favorite to whip Ray, who has had 32 bouts in seven years.

Fields Winner Over Haynes

LOS ANGELES (UP) — Tommy Fields, 205, Los Angeles, won a unanimous 10-round decision Tuesday night at Olympic Auditorium over Franklin Haynes, 182, Los Angeles.

Fields was a substitute for Buddy Turman in the main event. There were no knockdowns in the bout, despite many solid punches by both fighters.

Browns Ink Pair

CLEVELAND, Ohio (UP) — The Cleveland Browns today announced that quarterback Milt Plum and halfback Bobby Mitchell have signed for the coming season.

2 Players Suspended

TALLAHASSEE, Fla. (UP) — Florida State University announced Monday that two football stars, halfback Jack Espenshield and end Lamar Lee, have been suspended from school "for disciplinary reasons."

WHY THEN SHOULDN'T Houk replace him?

"Well," said the seer, "There are a number of reasons. First the Yankees would want a 'name' manager. Secondly, they want one who can talk with a certain amount of glibness and the 'Silent Major' lacks three qualifications, although anybody would look tongue-tied compared with Stengel."

It is felt to be significant that Lopez, who last season led the Chicago White Sox to their first pennant in 40 years, at his request signed only a one-year contract when he inked for this season.

It was Casey's first time out of harness in two seasons and you can't write off his career on those grounds. Yet, one close to the ball club observed:

Nips Reds As Giants Get Loss

By United Press International
Elroy Face is giving the Pittsburgh Pirates that winning blend of good pitching and good luck again.

The amazing 18-1 reliever of 1959 lost his first three decisions this year but has done a complete turnaround to win four straight games in the last three weeks. He's been pitching well, of course, but he's also getting the kind of good breaks that make the Pirates think of him as a 150-pound "good luck charm."

FACE, MAKING his second appearance in two games and his third in four, received credit for the victory Tuesday night when the Pirates beat the Cincinnati Reds, 4-3, in 11 innings to go a game and a half ahead of the San Francisco Giants who suffered a 9-1 loss to the Chicago Cubs.

The Los Angeles Dodgers beat the St. Louis Cardinals, 8-3, and the Philadelphia Phillies downed the Milwaukee Braves, 12-7, in other National League games.

THE BALTIMORE Orioles increased their first-place lead to two games with a 3-2 decision over the New York Yankees, the Chicago White Sox defeated the Cleveland Indians, 6-4, the Boston Red Sox beat the Washington Senators, 5-1, and the Kansas City Athletics shaded the Detroit Tigers, 2-1, in American League action.

Norm Sherry, older brother of World Series hero Larry, snapped a 3-3 tie with a grand slam homer in the sixth inning as the Dodgers scored their seventh victory in nine games.

ERNIE BANKS hit his 10th homer, a triple and a double and Jerry Kindall knocked in three runs with two doubles to lead the Cubs' 11-hit attack that dealt Johnny Antonelli his second loss.

It was his third homer in seven games and the second time he hit the distance to bring the Dodgers a win.

When Sandy Koufax, 1-5, takes the mound tonight opposing Ray Sadecki, 0-2, for the Cardinals, Norm Sherry will be behind the plate, manager Walt Alton assured any listener after Tuesday night's game.

THE BALTIMORE Orioles increased their first-place lead to two games with a 3-2 decision over the New York Yankees, the Chicago White Sox defeated the Cleveland Indians, 6-4, the Boston Red Sox beat the Washington Senators, 5-1, and the Kansas City Athletics shaded the Detroit Tigers, 2-1, in American League action.

Norm Sherry, older brother of World Series hero Larry, snapped a 3-3 tie with a grand slam homer in the sixth inning as the Dodgers scored their seventh victory in nine games.

ERNIE BANKS hit his 10th homer, a triple and a double and Jerry Kindall knocked in three runs with two doubles to lead the Cubs' 11-hit attack that dealt Johnny Antonelli his second loss.

Dear Abby

...by Abigail VanBuren

DEAR ABBY: My son is serving his military obligation and there is a possibility that very soon he will be going overseas for a year or more.

He has expressed his desire to marry a girl (she is 18) when he comes home on leave. He says they are very much in love. Their plan is to get married so that his allotment will be increased. She will work and live at home and save money for their future together. As a mother who loves her son, how should I advise them?

SOLDIER'S MOTHER

DEAR MOTHER: I would discourage a 19-year-old from marrying and leaving an 18-year-old bride behind. If it's "true love," it will keep until his military obligation has been fulfilled.

dition has been around longer than the etiquette books. Sincerely, MRS. E. L.

DEAR ABBY: Kindly point out to "Annoyed Grandma" that she could not have attended weddings of ALL denominations if she says that the best man never walks down the aisle.

In the Jewish faith, the best man DOES walk down the aisle, followed by the groom, who walks down between his mother and father. The bride also walks down the aisle, not with just her father, but with both parents.

The significance behind this being that it is a joy to be shared by all concerned. If grandparents, and great-grandparents are living they too, share the honor of walking down the aisle. This may not be in accordance with modern "proper procedure," but this tradition has been around longer than the etiquette books.

Sincerely,
MRS. E. L.

DEAR ABBY: What is a girl supposed to do when a creep asks her to all the school dances way ahead of time? My mother won't let me go at all if I turn him down. But it isn't fair to be forced to go with this creep or not at all. Is it absolutely a crime for a girl to turn down a date to a dance and then go with a doll who asks her later?

DEAR BOBBY: Sorry, but once a girl turns down a date to a dance, she shouldn't show up with another boy. That's the price of popularity.

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

Abby's best-selling book, "Dear Abby," is on sale at all bookstores.

Around Town

... with Hildy Crawford

It's June again... scented with orange blossoms and decked in bridal finery... with true love set to the strains of the "Wedding March"... It's June... with its cap and gown processions... its ribboned diplomas and misty-eyed parents and high hopes for the future... It's June... with travel folders all over the place... and far places beckoning... with the salt air of the sea and piney, thin air of the mountains plainly discernible... It's June... and the days are sunnily langorous... and the nights are balmily glamorous... and let's enjoy it while we have it...

Leona (Mrs. Fred) Halliday is back from her European jaunt... and received a warm welcome home when she walked across the street to neighbor Ray Shelby's house for a spaghetti dinner... and found a roomful of friends waiting to greet her... Leona's my kind of a traveler for everywhere she goes she comes in close contact with the people and their way of life... She flew everywhere she went and had as seat mates... Russian businessmen, a Japanese diplomat and a nervously thankful escapee from East Berlin...

She was in Germany at the time of the Summit meeting... but had little information on it... only sensing the worry and insecurity around her... She went into East Berlin on a conducted bus tour... which permits no cameras and confines the travelers to the bus...

She went to Oberammergau and saw the Passion Play... It was sprinkling and cold but she spent

the day... watching the dramatic performance...

Paris and Rome and the north countries were also on her itinerary... and I want to hear more about the Venetian glass makers... the Folies Bergere and those new hats they're wearing in gay Paree...

Col. and Mrs. Ed Banning were also being welcomed home... They returned the middle of the month from their trip which took them down under to Australia and New Zealand... where they saw the odd animals and the different way of life and climate... The Bannings will be here through June... and then go on to Westwood for the summer... They had with them their guests Mr. and Mrs. William G. Gooch of Winter Park, Florida...

Blanche and Joe Hale made the party... but were leaving that night for Westwood... where they are taking an apartment for the summer. They will be back down to their Thunder-

bird home for weekends...

Among others at the informal party... were Ray's neighbors the Jerry Cases... Lynne Jennings and Dr. Al Huenegard... Kathy Herrick and Ed McCoubrey... Kay and Dolph Oberfel... The buffet offered turkey and baked beans and stuffed eggs... and a wonderful cake that was scenic in decor... with a plane setting down at Palm Springs Airport... and a "Welcome, Home, Leona"...

The Hallidays haven't opened their town house yet... and will linger on at their Crestview home for awhile...

Danielle Nemeroff has sold her Hermosa Place house (it's the House of Tomorrow... which Joe Pawling built) to the Lew Wassermans (he's president of MCA)...

Danielle and her youngest daughter Andree are planning to summer at Lake Tahoe... where they'll stay at the North Shore Club... while Joanne goes abroad with a group of Chicago friends... and will attend the Olympic Games in Rome in August... The two girls will attend eastern schools next fall... Danielle has taken an apartment on Fifth Avenue in New York...

Bill Haines has closed his Paseo El Mirador house... and gone back to Brentwood... He's the former movie star... who is now a top interior decorator...

A postcard from Elsa and Bill Bassichis... is datelined Paris... They wrote that they hadn't seen Paris for six months... and flew over for a fortnight... Sounds like they are having fun...

It was announced this week by Welfare Chairman Mrs. B. H. Fol-lak.

The fund, which received the \$2000 gift, was instituted in recent years to enable the Welfare group to provide badly needed services such as orthodontia, psychiatric and other special care to local children whose families are able to pay only a fraction of the cost, if any at all.

'Holdeth Fast His Integrity'

WASHINGTON, D. C. — In Archibald MacLeish's Pulitzer Prize play, "J. B.," the hero is a rich, successful, virtuous, God-fearing person for whom everything, it seems, suddenly goes wrong.

If you read or see the play today in the light of current history, you are apt to identify Job with the U.S.A. He was the man who had so much, and who deserved so well. We are the nation which for so long has been wealthy and powerful and which has used its blessings for the good of others. Suddenly — disaster! Buy why? And how will we take it?

EVEN IF the analogy is imperfect, it will serve to point up a mood that seems to be rising in America today. It is a mood of high seriousness. It is a mood in which people are now beginning to consider the danger of war — a war of unprecedented suffering and sacrifice, this time for Americans.

In the same somber spirit, there is a growing seriousness toward the Presidential election — an election which calls for weighty, even prayerful consideration by the people.

IT WILL HELP us live through what's ahead of us, I think, if we borrow some wisdom from the wringing human experience of suffering which MacLeish has dramatized from the Book of Job. There is no justification in

our universe for believing that we, as persons or as nations, get what we deserve. Sometimes we do — sometimes we don't.

The luck which has blessed our country is not something we are entitled to. There is no "right" under the heavens for any man or country to have peace and welfare, victory and wealth, or even to have justice.

IF ALL GOOD things are to be taken from us, as they were from Job, it will put us to a test which this nation has not been called upon to meet within the memory of living man. A part of the country, the Confederate South, underwent a Job-like calamity last century.

During the Revolution, the winners had to endure disaster upon disaster until things went right. But the present generation of America may have to learn the lesson of Job. MacLeish sets it forth, in part, as the courage and faith of a man who "holdeth fast his integrity" despite every conceivable adversity.

MANY A NATION has had to prove its integrity as a condition for staying alive. But this has not happened to modern America. The debates in Congress suggest to this listener that the leaders there are not ahead, not even abreast, of popular feeling. The debates to date are still in the scapagoat stage. Did I go off at the Summit? Did Adlai Stevenson slip his silver foot in

to his golden mouth? Surely there ought to be a nobler response as the prelude to the deep tragedy which seems to be forming.

The country, if I am right here, is growing profoundly dissatisfied with this lack of high seriousness in Washington. The unrest is discernible. I believe, in the new, popular reaction toward our Presidential candidates

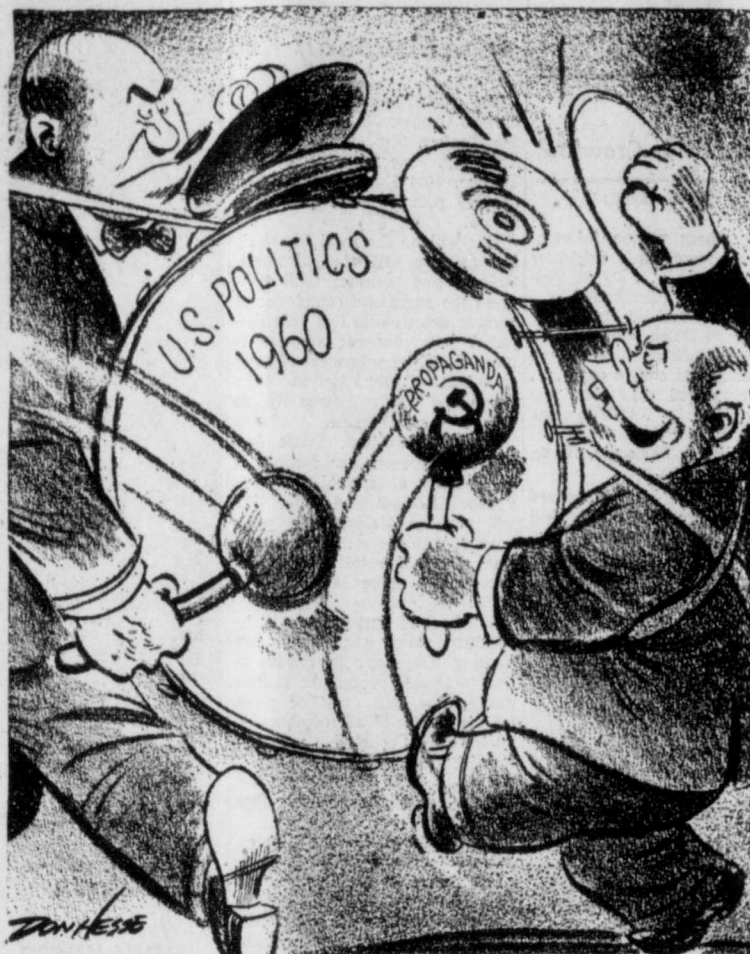

ONLY A LITTLE while ago, Senator Kennedy's sweep of the Democratic State primaries was describable as a bandwagon rolling toward his all-but-inevitable nomination — but Kennedy was not the shoo-in of a fortnight ago.

The Democratic Governors and bosses, who were going to endorse him, want to think about it. A Senate candidate, Maurice Newberger of Oregon, questions Kennedy's "experience." Audiences in front of Candidates Johnson, Symington, and Stevenson want to hear serious discussion. Governor Rockefeller, although outside the Government and supposedly out of the GOP contest, gets attention when he speaks of the U-2 incident, because he might say something important.

What does it all mean? That matters at hand are too serious for politics-as-usual? That the gay carnival spirit of a normal election year is already out of place? It reads that way from here.

STAN DELAPLANE:

This Side of The Sun By Phat

Ah, what is so rare
 As a day in June
 When all the world's in tune?
 A dad who isn't
 Taken for a ride
 To pay bills for the bride.

Besides being the month of
 brides, June has other distinctions.

Outside of the usual special
 days and weeks, it features the
 beginning of summer, also mid-
 summer's day, Flag Day, and
 let's not forget, Father's Day.

CENSUS COUNT is scheduled
 to come to an end this week.
 It took a little extra time to
 count everybody. For a while
 the Chamber of Commerce staff
 spent most of its time answering
 telephone calls from people
 who said they had been missed.
 It all depends on the person
 to whom you are talking as to
 what our 1960 count will show.
 I've heard estimates from 16,
 000 down to less than the last
 special count here.

SPEAKING of the census, it
 seems that Paradise is shrinking
 while Hell is growing.
 Up in Paradise in the north-
 ern end of the state, the un-
 official Chamber of Commerce
 of the unincorporated town is
 angry. They claim the nose-
 counters missed 2,000 people.
 Trouble is, it seems, that no
 one knows the exact boundaries
 of Paradise.

ON THE OTHER HAND, Hell
 is growing — booming, in fact.
 Hell, (I didn't know that be-
 fore) is in Riverside county.
 But, according to the United
 Press International, it is...
 Anyway, Hell is really ex-
 panding.

This year's count showed 17
 people living there. That's al-
 most a 400 per cent increase
 since the 1950 count.

ONE NICE PHASE about
 leaving town, even for a short
 time, is the amazing changes
 you find when you come back.
 The face of the Village, as
 we grew accustomed to calling
 it when it was one, is constan-
 tly being lifted. Palm Canyon
 Drive doesn't look anything like
 it did, say only ten years ago.
 And it probably won't look
 anything like it does now, ten
 years from today.

ANOTHER LANDMARK is go-
 ing by the boards this month.
 Del Tahquitz Hotel will be dis-
 mantled for the erection of a
 new modern office building for
 the Santa Fe Federal Savings and
 Loan company.

Del Tahquitz has been at the
 southeast corner of the Drive
 and Baristo Road for about 30
 years. That's not old for a
 building. But it's old enough to
 go when progress demands it.

IN ITS HEYDAY, the hotel
 was the scene of many memora-
 ble events, many gay parties,
 many notables stopped there
 and at one time it housed a
 chained lion as a pet.

Annual club meetings, instal-
 lation parties plus sharp enter-
 tainment made it a Village cen-
 ter.

Many an old-timer can recall
 gay events there.

Well, you just can't remain
 static.

U-2 in Scripts Already

Hollywood — Freddie Bartho-
 lomew, a former child actor with
 Jackie Cooper, Judy Garland &
 Mickey Rooney, came to Holly-
 wood on his first visit in 12
 years. For the last six years,
 Freddie has been an executive
 at the Benton & Bowles adver-
 tising agency. One evening, he
 went to see the new movie,
 Raymie, which stars 13-year-old
 David Ladd. "I wish," said
 Freddie "there had been a
 movie like that for me when
 I was his age." F. B. now has
 three youngsters of his own!

You couldn't get any timelier.
 Producer Gordon Mitchell's

 based on State Dept. files al-
 ready has some scripts on the
 inside story of the U-2 project.

are happening as a result of
 Frank Sinatra's last TV show.
 And they're happening for El-
 vis Presley who is getting the
 plum movie, Solo, which is one
 movie Frank had always wanted
 to do. It will be the first
 movie at Fox for Elvis since
 coming out of the Army.

It looks as though Frank was
 most impressed with the new
 Presley and put in a good word
 with Buddy Adler, the head
 man of production at Fox. And
 poppa's show certainly helped
 Nancy Sinatra, who's been get-
 ting some movie offers — one
 of which is Dondi for Al Zug-
 smith. Yes sir, there's a new
 generation coming up in the
 movies!

WHILE FILMING a scene for
 the Fox production, Go North,
 Fabian almost became a drown-
 ing casualty. The scene requir-
 ed that John Wayne throw Fa-
 bian into the ocean and after
 three takes, Fabian didn't come
 up right away and actor Mike
 Lally dove in to save him.

Stephen Boyd writes us from
 Paris where his current movie,
 The Big Gamble, is being made
 that it will at least take an-
 other 14 weeks, thus cutting him
 out of Cleopatra. It won't break
 Steve's heart — he wants outa
 togas.

When Tony Curtis saw The
 Fugitive Kind, he said: "It
 might make a heckava good
 musical!"

IF YOU'VE EVER wondered
 what happened to Francis the
 mule from the Donald O'Con-
 nor movies, he's making a come-
 back in The Great Impostor
 with Tony Curtis. The sad thing
 is that he's playing a non-name
 part in a non-speaking role —
 his first silent role.

The cast of Maureen O'Hara's
 Broadway show, Christine, is
 the angriest with Maureen for
 closing so soon — a fast two-
 weeks. But it was Maureen's
 contract with a special proviso
 that allowed it.

MOST EVERYONE knows
 that Doris Day and Debbie Rey-
 nolds lead most of the mag-
 azine polls, but did you know
 that Connie Stevens is Number
 3 in Motion Picture's mag poll?
 It may be the woman who
 pays and pays, observes Cary
 Grant, but you can bet it's
 some man who gave her the
 money she's paying with!

SOME WONDERFUL things

DWAYNE HICKMAN won his
 battle — he won't have to bleach
 his hair for the second season
 of Dobe Gillis — but how are
 they gonna explain it?

Nowadays, says producer John
 Guedel, you get a show "ac-
 cepted" before you can sell it.
 So NBC "accepted" Johns ser-
 ies, Call Your Bluff and now
 he can go after a sponsor!

Here in Hollywood all the live
 TV shows are being pre-taped
 day and night. Why? Because
 the networks want all cameras
 free for use on the July Demo-
 cratic convention beamings.

There are two Chinese
 restaurants that I have not tried.
 The night clubs are brassy,
 loud and a lot of fun. But they
 are out of the days of Bully
 Hayes and the sailing ships.

THE FEW AMERICAN and
 British residents who live in

 change with dismay.

Poll for President

NEW YORK—Jubilee, the New
 Yorker of Catholic magazine
 journalism, took a poll of its
 readers not long ago on the ques-
 tion of how Catholics feel about
 a Catholic running for president.
 As far as I know, this is the
 first such sampling. Here are
 some excerpts:

"A frequent comment was
 that neither party showed much
 strength. Though the readers of
 Jubilee are more often Demo-
 cratic (52 per cent Democratic
 as against 40 per cent Republi-
 can, with the rest undecided),
 they crossed party lines in the
 1956 election to vote for Eisen-
 hower (68 per cent). At the
 moment, only 37 per cent said
 that they would vote for Kenne-
 dy (and many of them unwilling-
 ly). A larger percentage (67
 per cent), however, said that
 they would vote for a Catholic
 presidential candidate other than
 Kennedy.

"ON THE CRITICAL question
 of 'church influence' over a Catho-
 lic President, about which
 Protestants have shown so much
 concern, a strong majority (89
 per cent) felt that such fears
 were groundless. Again, a ma-
 jority (82 per cent) believed that
 a Catholic president would not
 harm the church's position in
 America.

"One question that indicated
 a nearly unanimous view con-
 cerned the present degree of
 anti-Catholic prejudice in Ameri-
 ca and the likelihood of its be-
 ing increased by the campaign:
 97 per cent felt that prejudice
 against a Catholic ranged from
 moderate to strong and gave
 specific examples.

"In a free choice of candidates
 Kennedy still ran ahead with 45
 per cent, Nixon was second with
 31 per cent, and Stevenson third
 with 14 per cent. Other candi-
 dates received an insignificant
 vote."

WHEN THE BRITISH had

their troubles with the Comet I,
 to these many jet years ago,
 they went immediately into a
 series of soul-searching, metal
 fatiguing tests which cost them
 millions of dollars and not a little
 prestige. But out of that or-
 deal came aeronautical conclu-
 sions which helped the U. S.
 build so many of the great jet
 planes which now dominate
 world airways.

For all of this must be grate-
 ful. It seems to me we should
 be grateful too for the realistic
 approach taken recently by C.
 R. Smith, of American Airlines,
 who directed a letter to that
 company's customers in the
 wake of much misunderstanding
 and perhaps trepidation about an-
 aircraft built by Lockheed nam-
 ed Electra. Other lines which
 bought these airplanes could not
 but agree. Smith wrote:

"THE PEOPLE in air trans-
 portation, and those in the air-
 plane manufacturing business,
 tend to discuss matters affect-
 ing airplanes in technical terms.
 That is all right if you are an
 engineer, but it makes it diffi-
 cult for those with less techni-
 cal training. Some of the recent
 news stories about the Lockheed
 Electra remind us of a remark
 made by a Texas cowboy: 'Read-
 ing these days is hard, too
 many words that run eight to
 the pound.'"

"Recent statement by Lock-
 heed: 'All tests and supporting
 scientific calculations show that
 the lower speed at which the
 Electras are flying today pre-
 vents a repetition of the multi-
 ply phenomena. All chance of
 dynamics coupling at higher
 unrestricted speeds will be eli-
 minated under the program.'"

"TRANSLATED INTO English
 this should mean:
 "I. Lockheed has completed a
 thorough, scientific investigation
 of the flight behavior of the Elec-
 tra.

"2. Lockheed discovered some
 problems affecting safety when
 the airplane is flown at the
 speed originally specified for the
 airplane.

"3. The airlines have reduced
 the flying speed for the Electra
 (done some time ago) and will
 continue to operate at his re-
 duced speed until all of the prob-
 lems have been remedied.

"4. NONE OF THESE prob-
 lems appear, or are anticipated,
 when the Electra is operated at
 the lower speed.

"5. Operation at the lower
 speed is safe and Lockheed will
 soon have a program to remedy
 the problems encountered at
 higher speeds and high speed
 flight can then be resumed.

"ELWOOD R. QUESADA, ad-
 ministrative, Federal Aviation
 Agency, said most of this in an-
 other way on April 15:

"The speed limit gives the
 airplane (the Electra) a struc-
 tural margin as great, if not
 greater, than any other aircraft
 in our air transport fleet to-
 day."

RAN INTO ELLA Logan the
 other night at a party given for
 Mrs. Horace Dodge and Mrs.
 Frances Newman at the Eden
 Roc and found her breathless
 with anticipation. Ella was just
 about to rush off to the theatre,
 and I asked her why that was
 such a particular event in the
 life of a woman who has lent
 such great enchantment to it.
 She said "This is a great night
 in my life in the theatre. I am
 going to see 'Finian's Rain-
 bow' for the first time."

Ella lent magic and mysticism
 to this memorable show for
 years on Broadway and else-
 where but this night of revival
 was to be her first view from
 the opposite side of the foot-
 lights. It must have been agoniz-
 ing.

Sullivan to Mark 12th Anniversary

Anniversary time is here again for the oldest entertainment show on television — "The Ed Sullivan Show."

Twelve years ago, on June 20, 1948, Ed Sullivan stepped before a video camera to begin one of the most remarkable television careers to date.

TO MARK THE occasion, Sullivan and his staff are now preparing a "really big anniversary show" to be presented on the CBS Television Network Sunday, June 12 (8-9 p.m.). It will feature such entertainers as Victor Borge, Wayne and Shuster, Louis Prima and Keely Smith, Connie Francis and Jay North, plus a scene from the Broadway musical, "Bye Bye Birdie."

At the same time, Sullivan and his staff have permitted themselves the luxury of a few fleeting backward glances, to review the years (and some of the highlights) of the past.

STATISTICS PLAY a big part in these reminiscences.

"The Ed Sullivan Show," for instance, has presented more than 6,000 acts and more than 12,000 individual performers. It has featured more than 1,000 entertainers from 50 foreign countries; launched the television careers of close to 200 top entertainers, and used enough sets and props to stage 1,000 Broadway plays.

IN THE 12 YEARS some 3,500 singers and vocal groups, including many college groups, have appeared on the show. So have some 2,500 novelty acts, including an all - grandmother orchestra and a Hawaiian hula dancer who performed on a paddleboard in a Las Vegas swimming pool.

This year's anniversary show will be Sullivan's 621st program. Except for five pre-emptions, he has presented a program every Sunday night since his show (originally called "The Toast of the Town") premiered.

TO PRESENT those shows, Sullivan has traveled more than 1,000,000 miles scouting talent in Europe, Asia and South America, spent more than \$10,000,000 in talent fees, and originated his program in 13 foreign countries — Belgium, Cuba, Portugal, Italy, the Soviet Union, Ireland, England, France, Spain, Mexico, Israel, the British West Indies and Japan.

But the story of the Sullivan show cannot be told only in terms of statistics.

THERE WAS THE Sunday night, for instance, when Bing Crosby first sang on a live television program, and the night when a scene from a Broadway play was first presented on television (the play was "The Member of the Wedding"), and the night Maurice Chevalier had his American television debut.

Other highlights include Albert Schweitzer playing the organ, Jayne Mansfield playing the violin, Gary Cooper singing a duet with Sullivan, the appearance of the 34 Hungarian Olympic athletes who claimed political asylum, Russia's Moiseyev dancers and the antics of a waterskiing elephant and a piano - playing canine.

Finally, Sullivan can remember when he hired the new comedy team of Jerry Lewis and Dean Martin to appear on his first program — for a fee of \$200.

GAME OF HEARTS ON STEEL HOUR

Jeff Donnell, Arthur Hill, Robert Webber and special guest star Betsy Palmer head the cast in "Game of Hearts," a bittersweet tale of blithe spirits and blighted romance, on "The United States Steel Hour" Wednesday June 1, CBS Television Network 10 - 11 p.m.

Heartbreak and happiness divide the tiny New York apartment shared by Gerry (Jeff Donnell) and her vivacious, popular roommate Nancy (Betsy Palmer). Nancy is happy over her impending marriage to Philip (Robert Webber) while Gerry is heartbroken because her newest admirer has left her.

At the behest of Nancy however, Gerry accepts the attentions of a shy art museum frequenter (Arthur Hill). They become carried away by the Nancy - Philip romance and drift toward a similar state of bliss until the question whether it's true love arises.

Philip C. Lewis adapted "Game of Hearts" from a story by Douglas Rae. George Kondolf, executive producer for the Theatre Guild, is in charge of production and Tom Donovan is the director.

'Long Journey' To Be Shown

Host - explorer Norman Dyhrenfurth presents the conclusion of the Cannes Festival Award-winning film of the nomadic Laplanders and their reindeer herds hundreds of miles north of the Arctic Circle, "The Long Journey," June 1, 7 p.m., KCOP, Channel 13.

The Laplanders and their herds are seen traversing at the coast after their rigorous trek and then driving them into the icy water. Highlighted are the exciting rescue of many animals threatened by drowning.

Withstand Enemy Iron Horse Riders

Aboard their galloping iron horses, the men of Troop A's mechanized Cavalry follow orders to establish an outpost fifty miles behind the lines, and must hold it against enemy onslaught with a shortage of everything but courage during KTTV's "Citizen Soldier" adventure of the "Rough Riders," Wednesday, June 1, 8 p.m., Channel 11.

True descendants of Roosevelt's Rough Riders and Custer's valiant troops, the mechanized cavalry in the European theatre are responsible for surprise lightning attacks that did much to confuse the enemy and weaken his morale.

Speeding behind German lines under orders known only to their well-loved Captain Hawk, the men and their "iron horses" leave destruction and fear in their wake.

Surprising the German garrison at Epernay, 50 miles behind the lines, they succeed in establishing an outpost from which they must withstand the counter attack until the main body of U.S. forces moves up to join them. With their armored cars and half-tracks in enemy hands their ammunition down to only 13 rounds.

They are lacking everything but courage in their fight to retain control of the vital town.

MARY LINDENSTEIN is awarded the Junior Chamber of Commerce Ed Hawkins Memorial Scholarship Award by JayCee President John West while Ken Jackson looks on. Miss Lindenstein was among the top students to graduate from Palm Springs High this year. (Desert Sun Photo).

MARY LINDENSTEIN WINS JAYCEE'S SCHOLARSHIP

Mary E. Lindenstein has been awarded the Junior Chamber of Commerce Ed Hawkins Memorial Scholarship Award by John West, president of the service group.

The award was presented in last week's annual awards assembly held in the high school auditorium.

The award formerly carried a cash scholarship of \$250 to the

school of the recipient's choice but the Junior Chamber's executive board last week voted to hike the amount to \$300 in order to keep pace with the growing cost of college entrance.

MISS LINDENSTEIN, a native Californian, has attended school in Palm Springs for the past 10

years. She is the daughter of Mr. and Mrs. Oscar Lindenstein of Leonard Road.

The recipient indicated that she would apply the award on her entrance fees at Pomona College where she plans to major in English and education and eventually become an English teacher.

The attractive blonde senior is secretary of the PSHA Student Body, has represented Palm Springs at Girls' State in the University of California at Davis, is active in both academic and extracurricular activities at the local campus and is a lifetime member of the California Scholastic Federation.

The Agriculture Department reports that about 2.9 million of the 4.7 million farms in the U.S. had telephone service as of July, 1958, an increase of 32 per cent over 1950.

Vanderbilt In Stormy Race Issue

14 Students Quit After School Rejects Negro

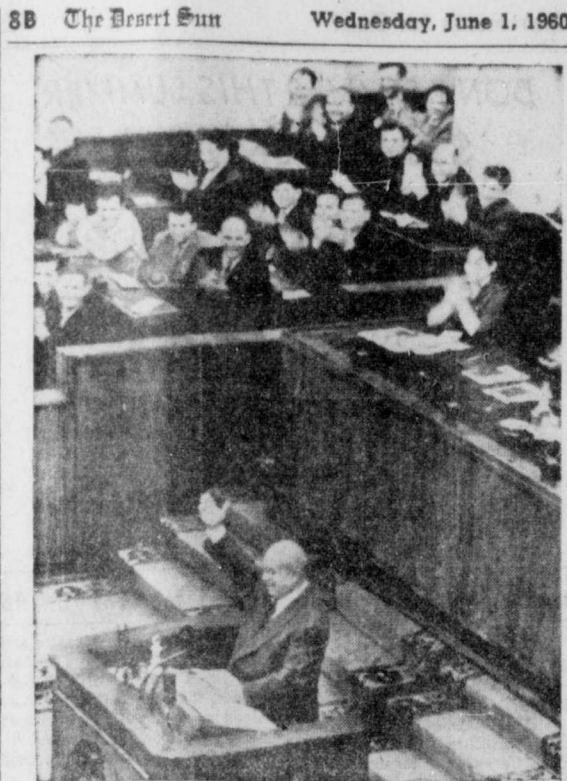

NASHVILLE, Tenn. (UPI)—The divinity school at Vanderbilt University was enmeshed in a growing storm of protest today over the university's refusal to readmit a Negro sitdown leader.

The dean, Dr. J. Robert Nelson, and nine other faculty members resigned in anger Monday night.

AT LEAST 14 OF the school's 120 ministerial students have threatened to quit and three former students who were graduated only two days ago said they would return their degrees.

The nine faculty members met shortly after Nelson announced his resignation and in a letter to Vanderbilt Chancellor Harvie Branscomb said: "In as much as three months of steady negotiations with the university administration have failed to produce any resolutions of the issues involved in the dismissal of (Lawson) we have reluctantly decided that we must resign."

THE LETTER, EXPECTED to be presented formally to Branscomb today was signed by James E. Sellers, Ronald E. Sleeth, James Glass, Ladron Bilkey, Lou H. Silberman, Gordon Kaufman, Arthur Forrester, Bard Thompson and Leander Keck.

SOVIET PREMIER NIKITA Khrushchev beams as he pauses in his address before Russian workers, telling them his reasons for the Summit breakup. He also told his audience Russian fighter planes had been unable to shoot down American U-2 spy planes flying mission over the Soviet. The Red premier told his listeners that President Eisenhower was to blame for the summit collapse and Russian radio jamming prevented Iron Curtain listeners from hearing the Eisenhower statement explaining U.S. position. The average salary of public school teachers in the United States rose from \$1,965 in 1946 to \$4,135 in 1958, according to the latest available statistics compiled by Tax Foundation, Inc.

There were 23,918 taxpayers in the United States who reported incomes of more than \$100,000 for 1957, according to the Commerce Clearing House, including 217 with incomes of more than a million dollars.

Nevil Shute Left Literary Heritage

By GERRY VANEK

The death of Nevil Shute on Jan. 12 of this year brought to an end the career of one of England's best-selling and most popular novelists, whose twenty-odd books have won him a wide following in America as well.

A novelist with few genuinely literary intentions, Shute was not an important writer, although, in terms of influence, he wrote, in "On the Beach," at least one important book.

BUT HE WAS A superb storyteller, whose novels vary widely in tone and pace, as well as in scene and time, ranging from his own Australia to England and America and from a little into the future back to the Vikings.

An engineer and aviator before he became a writer, Shute, time and again makes use of his technical background, as in "No Highway," one of his greatest successes, the tense story of a transatlantic plane among whose passengers is an engineer who knows that metal fatigue may cause the breaking up of the craft before it can touch down at Gander.

SHUTE'S LATEST book, "Trustee from the Toolroom," posthumously published, is an excellent example of this skill in using specialized knowledge as the basis for a story plot.

Keith Stewart, the central character, is an honest little man of lower-middle-class suburban type, content to go along upon a miserable salary for the sake of doing the work he loves. He writes articles for a magazine called "Miniature Mechanic," which is subscribed to by modelmakers

throughout the world.

THEN, AS TRUSTEE for his young niece, he is suddenly yanked out of his humdrum life to go to Tahiti, there to reclaim a batch of diamonds illegally taken out of England by his dead brother.

It's all rather improbable, this tale, and without any significance whatever. But it does leave behind the afterglow of human warmth and kindness that has become the trademark of this author's career.

"OURSELVES TO KNOW," the latest novel by John O'Hara and about as unlike "Trustee from the Toolroom" as one can possibly imagine, may not be O'Hara at his best but it is still a penetrating, absorbing story, far superior to the average novel. Hampered by the split-narrative technique which so often makes the novel difficult to follow, "Ourselves to Know" is the story of Robert Millhouser, whose tragedy lies in his failure to understand himself or others. At 51, after a life of bachelorhood, he finally marries a girl of 18, only to shoot and kill her when he finally discovers what she is really like. Allowed to go free after a sensational trial, Millhouser remains in the same time in which the rest of his life has been spent, a recluse and semi-outcast.

Attracted by the man and the mystery which surrounds him, a young student named Higgins learns Millhouser's story first-hand and develops it into a biography which forms the basis for Mr. O'Hara's novel. While falling short of "From the Terrace," no O'Hara fan will want to miss this one.
